

How to Reach CUK

Kalaburagi (formerly known as Gulbarga) is accessible by air, rail and road from all parts of India. Nearest international airport to Kalaburagi is located in Hyderabad, at a distance of nearly 230 km. The city is well connected with all major cities of India like Bengaluru, Hyderabad, Mumbai Pune and Chennai through a number of regular trains. Buses also operate regularly between Kalaburagi and cities like Bengaluru, Hyderabad and Mumbai.

The safer and faster way to reach CUK is by KSRTC bus from Kalaburagi Central Bus Stand. The Central Bus Stand is easily accessible by city buses plying frequently or by auto-rickshaws. The buses going to Aland and Solapur usually found on platform 10 at Central Bus Stand, will stop at the CUK Campus, Kadaganchi.

**Department of Psychology
Central University of Karnataka**

Venue: Auditorium, D1 Building, SS&BS

Website: www.cuk.ac.in

E mail: psychology@cuk.ac.in

Central University of Karnataka

The Central University of Karnataka (CUK) has been established by an Act of the Parliament (No. 3 of 2009) at Kalaburagi, to increase the access to quality higher education for people in less educationally developed districts which have a Graduate Enrolment Ratio of less than the national average of 11%.

The CUK, with its territorial jurisdiction all over Karnataka has been initiated its activities from the academic year beginning August 2009 in keeping with the philosophy of achieving and maintaining the highest levels of academic excellence, sensitivity to equity and access in enrolment and recruitment and emerging as a premier national educational and research institution in the country. The University has 654 acres campus, situated near Kadaganchi village in the district of Kalaburagi, Karnataka State (30 km from Kalaburagi city towards Solapur). The main objective of the University is integrating the components of Teaching, Research, Innovation, Training and Skill Development (TRI-TSD) with an aspiration to excel in dual degree, post graduate and doctoral programs. The University offers the programs in following five dominant areas: Arts, Humanities, Management, Sciences, and Engineering.

Department of Psychology

The Department of Psychology beseeches the active participation, association, and involvement of a multi-disciplinary group of psychologists, social workers, rehabilitation professionals, social scientists, scholars, and researchers who contribute to the field of behavioural sciences in a holistic manner. The Department, through education and research, targets to nurture manifold areas of behavioural sciences and attempts to improve the quality of life of individuals as well as the society. The Department helps students to develop an understanding of the complexity of human

behaviour by undertaking critical analysis of biological, intra-psychic, interpersonal, social, political, cultural and economic forces that influence human behaviour.

National Workshop: Context

Technology in modern era has become an Integral part of our lives that without it, the world would be radically different. We use so much technology (things like cell phones, computers, Wi-Fi, cars, etc.) that was a luxury item a decade ago. But there are still many people who do not even have the basic access of these technical advancements. If we live on a very low income, things like cars, cell phones, and computers are going to stretch your budget also.

Technology is an absolute need we cannot escape from, it has a very big role in most aspects of our lives. In other words, it answers most of Mankind problems. The importance of technology is aiming for comfort of use in whichever form it is. It always directs for easiness in life. However, it is also the reason for many problems in the form of Hacking, Internet Fraud, cyber bullying, in one side and the internet addiction, social media addiction, & screen dependency on other side. Equipping our students/professionals with the positive use of Technology will help them to manage their daily activities in easier way. If they are trained to handle problematic usage of technology, they could deliver the remedial assistance to the needy.

Resource Persons:

- a) D Roopa, Indian Police Service, Bangalore.
